ACKNOWLEDGEMENT

First and foremost, all the praises go to Allah Almighty, for granting me the strength, knowledge, and perseverance to complete this project. Then to my parents for supporting and believing in me throughout my academic journey.

I am deeply grateful to all my teachers who mentored me and always recognized my efforts. Many of them taught me life lessons with their wisdom and experience. Their expertise, guidance and insightful feedback have been instrumental in shaping this work.

Lastly, I want to express my gratitude to all my friends for their continuous support, motivation and help, which made this journey both memorable and enriching.
